# KENTUCKY LITTLE CITIZENS

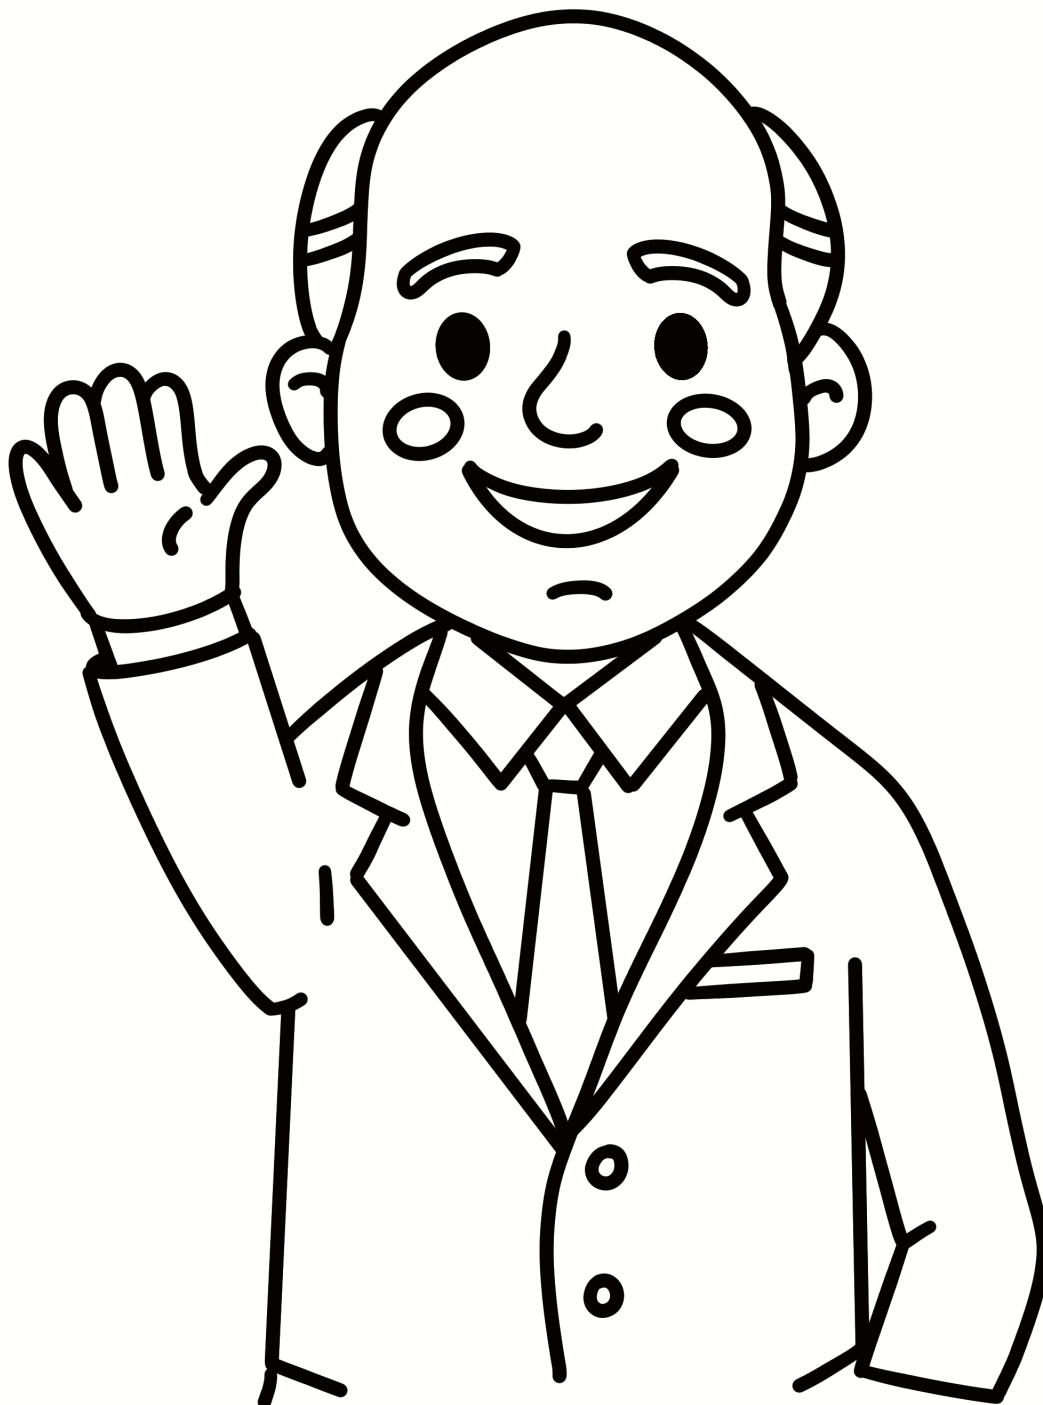

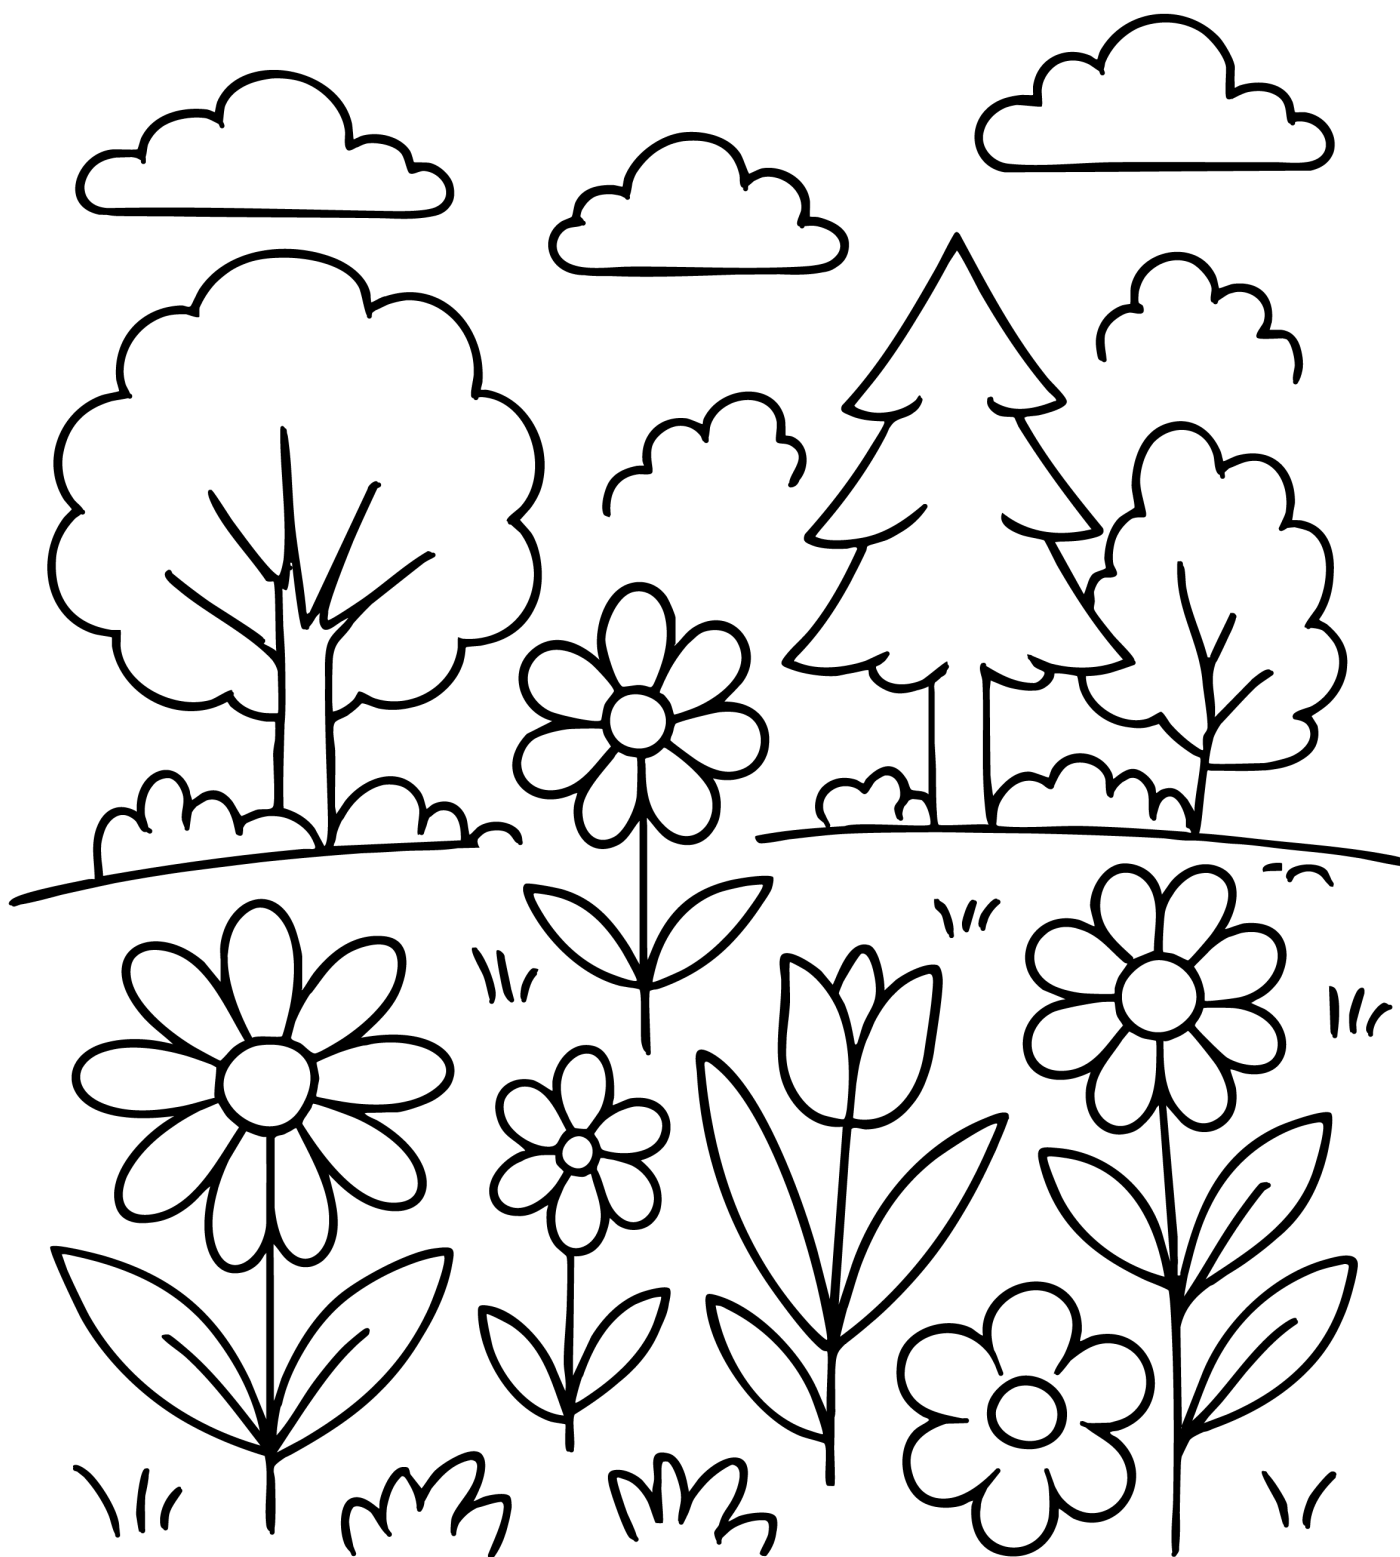

**CITY HALLS** can be big and fancy or share space with places like a post office or bank in smaller communities. No matter the size, it's where local leaders take care of the city's business.

# **MEET THE MAYOR!**

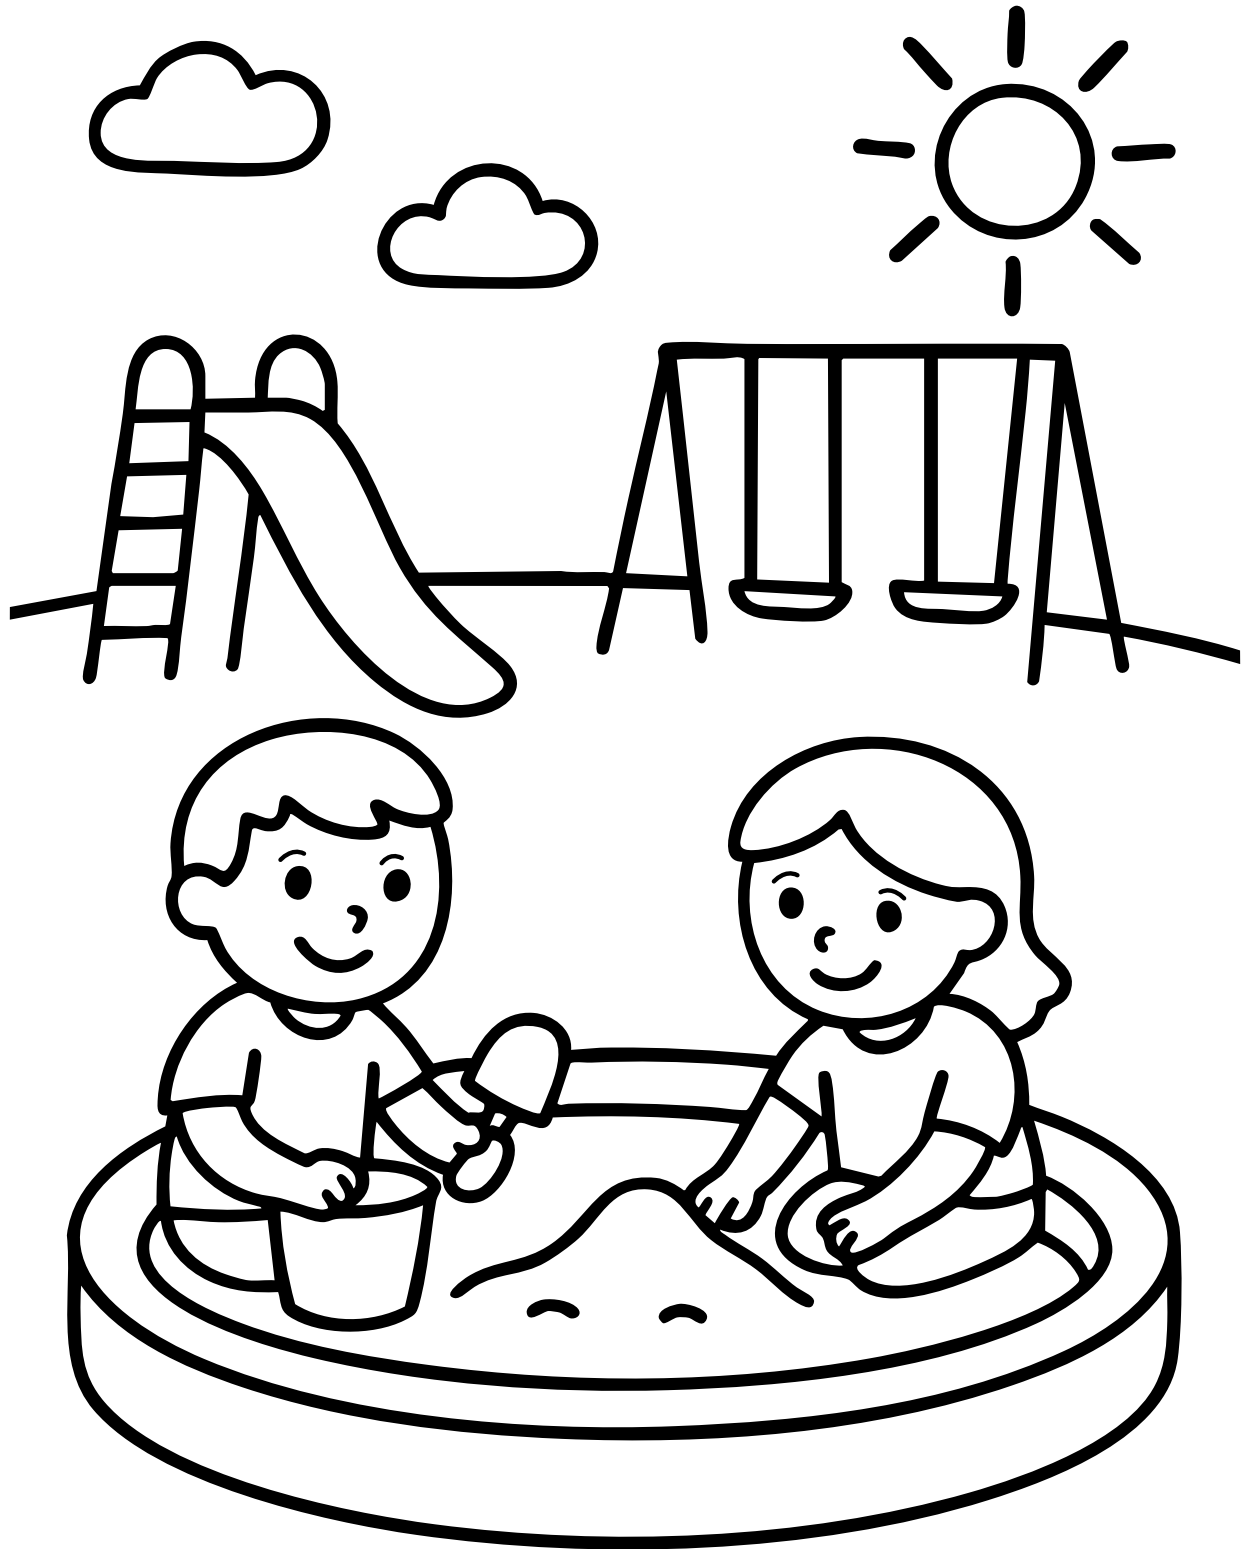

**He's so happy you're touring the city today!**

## **A BEAUTIFUL ENVIRONMENT**

**Our city has helpers who plant flowers and take care of the plants. It makes the bugs and animals happy, too.**

**LET'S ENJOY THE PARK!**

**The city makes sure our parks are safe and clean.**

# BEFORE WE LEAVE...

**Everyone can be a city helper and do their part. Before we leave, let's clean up the park.**

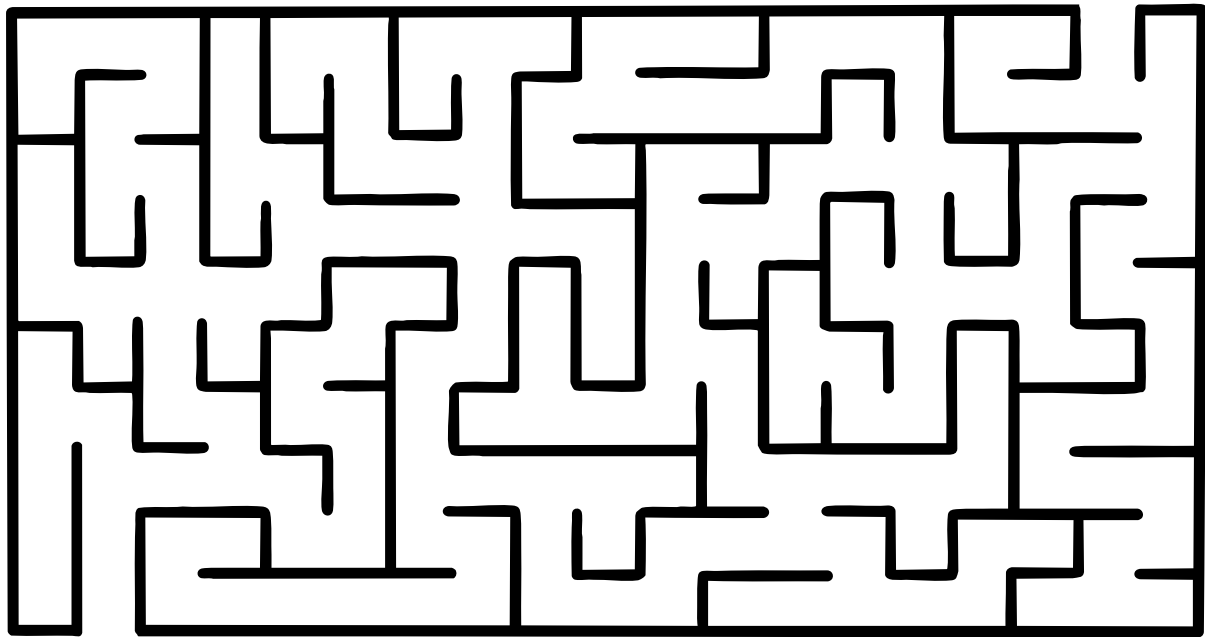

# LET'S STAY HYDRATED!

**The water department works hard to make sure we have clean, safe water to drink.**

**Help guide the clean water from the water department to the school fountain and into the water bottle!**

**SHHH... LISTEN!** That's the sound of a police car! This is where the police work hard to keep our city safe. They're always ready to serve our city.

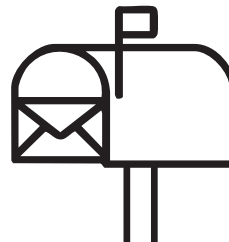

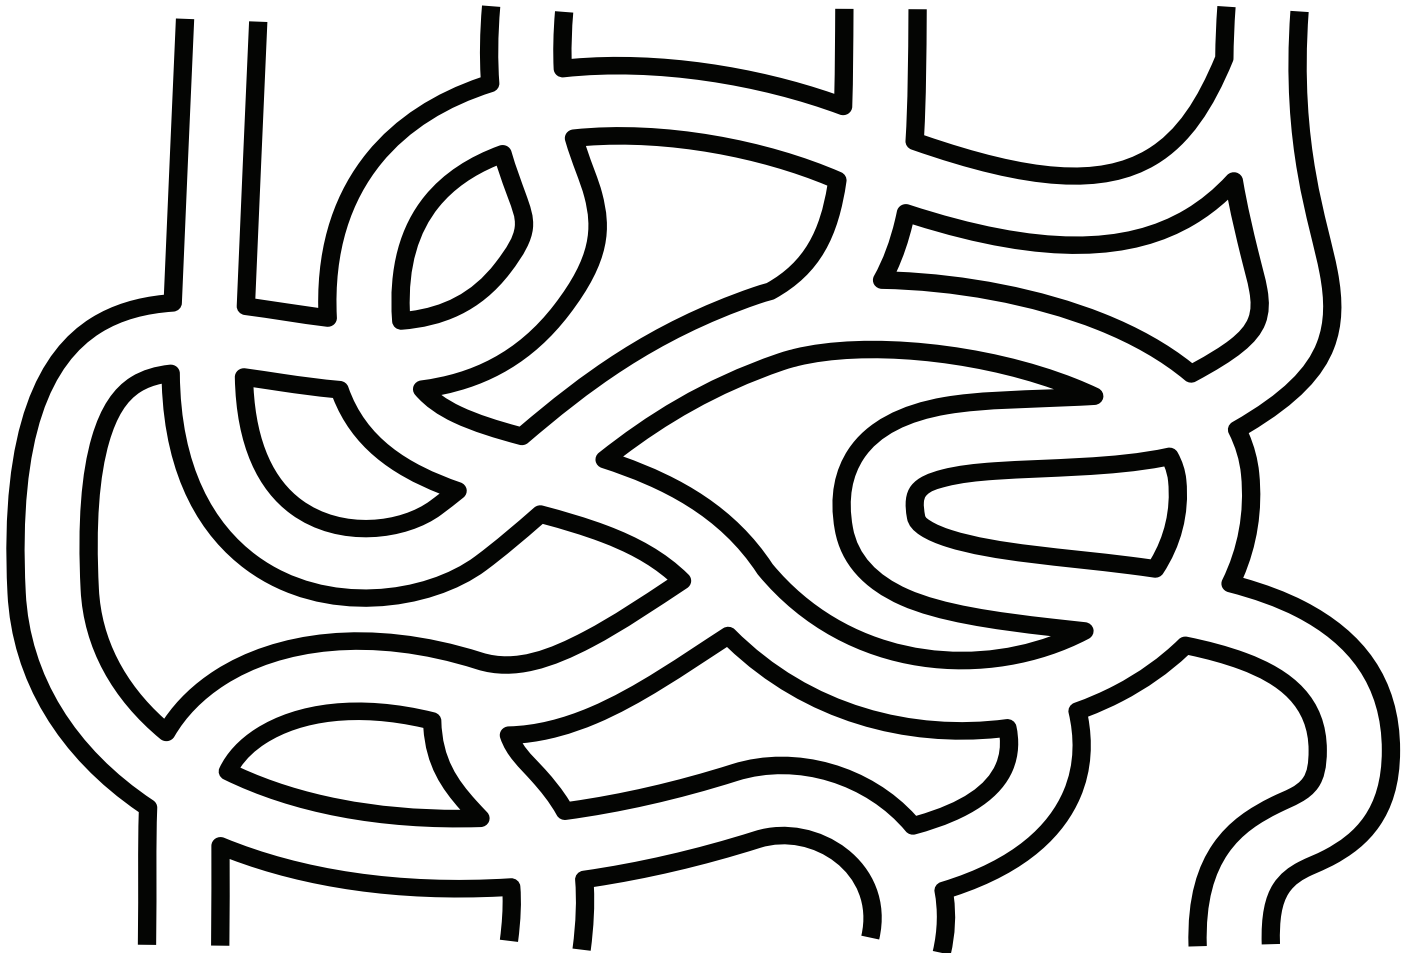

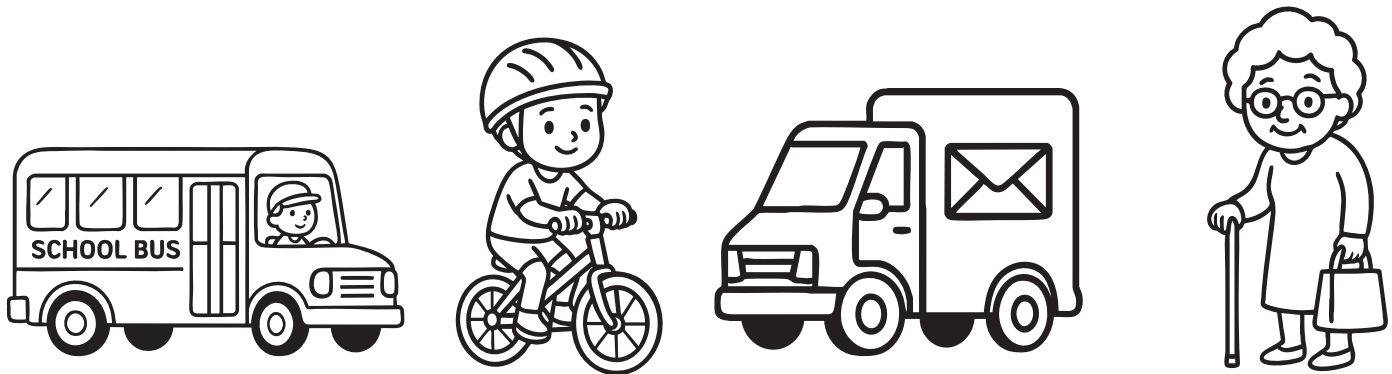

**POLICE BADGES** are designed uniquely for each city. They often have trees, animals, flags, or buildings that are special to the city.

**Design your own here.**

**OUR STREETS HAVE RULES** to  
keep everyone safe. The city helpers make sure  
everyone gets where they need to go safely. Can  
you show everyone the best route to take?

**IT'S TRASH DAY!** The garbage truck comes each week to pick up what we throw away. Leave your can at the curb so the garbage collector can take it to the dump and help keep our city clean!

**HERE COME THE  
FIREFIGHTERS!** Firefighters rush to  
help in emergencies, whether it's putting out fires  
or making a rescue.

**BUILDING OUR CITY!** The city is busy building something new—what do you think it will be? Our community is growing, and construction workers help make it happen!
